

Certificate of Validation

Dataworks Development, Inc. hereby certifies that its latest product, Freezerworks® 2015 version 8.1.06, has been developed using the highest possible design and coding standards as set forth in the Dataworks Software Development Life Cycle.

Freezerworks® 2015 version 8.1.06 has undergone formal in-house validation testing in the Windows operating system. The validation test scripts are written to ensure that the software program performs in a manner consistent with the approved functional specifications for this version. They include new code tests as well as regression testing.

Dataworks will maintain validation documentation on-site at the main Dataworks offices in Mountlake Terrace, Washington. Access to the documentation will be available to customers (non-disclosure agreement required) and authorized governmental or regulatory agencies.

Freezerworks® 2015 version 8.1.06 has passed all Dataworks validation requirements and procedures and is hereby approved for release on April 27th, 2016.

A handwritten signature in blue ink that reads 'Shannon Murray'. The signature is written in a cursive style and is positioned above a solid horizontal line.
