## **DATAWORKS SOFTWARE LICENSE AGREEMENT**

1. **GRANT OF LICENSE:** Dataworks grants you the perpetual right to use one copy of this proprietary Dataworks software program (Freezerworks®) on a single computer. Freezerworks (Standalone or Server version) is in "use" on a computer when it is loaded into temporary memory (i.e., RAM) or installed into permanent memory (e.g., hard disk, CD-ROM, or other storage device) of that computer. In Freezerworks Server/Client purchases, Freezerworks Server may be installed on one computer only, but its associated Clients may be installed on as many computers as needed. Concurrent use of Clients must be at or below the number of seats purchased. Dataworks warrants that it has the authority to license the rights granted under this Agreement, that it has obtained any and all necessary permissions from third parties to license Freezerworks, and that use of Freezerworks by authorized users shall not infringe the copyright of any third party.

2. **COPYRIGHT:** Freezerworks is owned by Dataworks and is protected by United States copyright laws and international treaty provisions. This license does not transfer any title to Freezerworks or intellectual property rights to the customer. Freezerworks software cannot be copied except specifically to (a) make one copy of Freezerworks solely for backup or archival purposes, or (b) transfer Freezerworks to a single hard disk provided you keep the original solely for backup or archival purposes. The customer will hold in confidence, and protect the Freezerworks software at least to the same extent the customer's own confidential and proprietary information is protected.

3. **SUPPORT SERVICES UNDER SEPARATE AGREEMENT:** Nothing contained in this Agreement will be construed or interpreted to include any support services, technical maintenance or otherwise by Dataworks or any other entity. Any support services of any nature will be provided under the terms and conditions of a separate agreement.

4. **OTHER RESTRICTIONS:** The customer may not decompile or reverse engineer Freezerworks software. The customer may not manipulate the Freezerworks database from an external source by circumventing the Freezerworks security structure. The customer may not rent, lease, license, sell, or make any copies of Freezerworks (other than one archival copy as specified in section 2). Archival copies of Freezerworks are not licensed for “use” and are not supported as such. Freezerworks license may only be transferred with written permission from Dataworks and a new license agreement between Dataworks and the license holder.

5. **LIMITED WARRANTY:** Dataworks warrants that Freezerworks will perform substantially in accordance with the specifications described in the Freezerworks User's Manual for a period of sixty (60) days from the date of receipt. This warranty does not apply if the customer has installed, operated, or altered Freezerworks in any way not specified in the User's Manual.

6. **CUSTOMER REMEDIES.** Dataworks and its suppliers' entire liability and your exclusive remedy will be, at Dataworks' option, either, (a) return of the price paid, or (b) repair or replacement of the Freezerworks product that does not meet Dataworks' Limited Warranty. This Limited Warranty is void if failure of Freezerworks has resulted from accident, abuse, or misapplication. Any replacement software will be warranted for the remainder of the original warranty period or thirty (30) days, whichever is longer.

7. **NO LIABILITY FOR CONSEQUENTIAL DAMAGES.** In no event will Dataworks or its suppliers be liable for any consequential damages whatsoever (including, without limitation, damages for loss of business profits, business interruption, loss of business information, or any other pecuniary loss) arising out of the use of or inability to use this Dataworks product, even if Dataworks has been advised of the possibility of such damage.

8. Freezerworks is written using 4th Dimension, a product of 4D, Inc. *4D expressly disclaims any representation or warranty to the customer including without limitation the implied warranties of merchantability and fitness for a particular purpose. The customer agrees that 4D shall not in any event be liable for any indirect, special, incidental or consequential damages, including, without limitation, personal injury, property damage, lost profits or other economic loss arising in connection with the customer's use of or inability to use Freezerworks software. This limitation of liability will apply regardless of the form of action, whether in contract or tort, including negligence and independent of any failure of essential purpose of the remedies provided hereunder. This disclaimer shall apply whether or not 4D has been made aware of the possibility of such damages.*
